Associate Professor Nigel Hope is an experienced medico-legal orthopaedic surgeon, with a clinical practice in the heart of Sydney.

With more than 20 years' experience as a surgeon and IME assessor, he delivers timely, clear and credible medical reports within a 24-48 hour time frame.

A popular GP educator, media commentator and University Lecturer, Associate Professor Hope is at the forefront of orthopaedic clinical practice, research and innovations.

With in-depth understanding of medico-legal issues including public liability, impairment, workplace and MVA cases, he provides comprehensive and unbiased reports where a medical opinion is needed.

Dr Hope is also one of the few orthopaedic surgeons in Australia with a research PhD.

24-48 Hour Turnaround
